

PRODUCT CATALOGUE

L.N. SHAH (1977) LTD.

ABOUT US

Our company, L. N. Shah (1977) Ltd, is the biggest supplier of T-shirts, Polos and Caps in Tanzania and has supplied the promotional and corporate wear industry for around 20 years. It is part of a group that includes a sister company having its own knitting and weaving factory. In addition, we source our garments from other manufacturers and distributors in Tanzania, Kenya, India, China and Dubai in order to meet our client's requirements. Paying meticulous attention to detail, we ensure that our garments are made to the highest quality standards.

The quality of our T-Shirts and their affordability offer an unbeatable combination. Our cotton products are made from ring-spun yarn using long-cotton fibres for a softer feel. Our fabrics are fine-knit with "high stitch density" making our garments a favourite for printing or embroidery. This also helps to achieve a smooth, soft fabric for greater comfort and improved decoration.

We supply all the large promotional printing companies in Tanzania and also have export customers from Zambia and Malawi. As our position dictates, we maintain probably the largest stocks of plain T-shirts and polos (around 150,000 pieces) and caps (100,000 pieces plus) in Tanzania. We are thus in an unrivalled position to supply our customers with the widest range and the best quality garments.

We always strive to exceed our client's expectations; and you are therefore assured of the highest quality service and unbeatable prices.

Printing and Embroidery

We also are the oldest (but yet one of the most modern) printers of T-shirts, Polos and caps in Tanzania, having started our operations over 15 years ago. We employ highly specialized printing technicians and specialty inks to produce stunning designs and promotional items for our customers whether it be screen printing, transfer printing or embroidery. Please contact us for a quotation for your specific requirements.
